1.0 Introduction and Preparation of the Annual Security Report

The Annual Security Report – prepared by the Title IX Coordinator (the Clery Coordinator), in collaboration with various campus departments including the Facilities Office and the CFO – is intended to provide current and prospective members of the USK campus community with important information on campus crime and security that will help them make informed decisions about their own safety. It contains campus crime statistics for the last three years. The report is based upon reports of crime to the College and local law enforcement, in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and campus policy statements.

The report (will be) published online under Health and Safety on the University of Saint Katherine website, at which time an email notification is made by the Title IX Coordinator to all students, staff, and faculty members providing a link to electronic copies of the report. Additionally, paper copies are available by request from the Title IX Coordinator.

1.1 The Clery Act

In 1990, Congress enacted The Crime Awareness and Campus Security Act as part of an amendment to the Higher Education Act of 1965. Later renamed The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of Jeanne Clery, a university student murdered in her dorm room, it requires all postsecondary institutions participating in federal student financial assistance programs to disclose certain information on campus crime and various safety and security-related policies. Further amendments in recent years have expanded the requirement to include information on fire safety, sexual assault, and missing students.

1.2 The Annual Fire Safety Report

The Clery Act also requires publication of an Annual Fire Safety Report, which includes statistics on campus fires and information on fire prevention. The report is prepared by Campus Facilities and the Office of the President and made available online each October at http://media.wix.com/ugd/a54c82_352480f79dd141cd900f671d363d4807.pdf. Paper copies may also be requested from the Campus Facilities Office.

1.3 Geographical Location

Campus property is the geographical area bounded by Rancho Santa Fe Road and Capalina Road. The main campus is located at 1637 Capalina Road with an adjacent building being 1645 Capalina Road.

1637 Capalina Road, Main Campus

Vehicular access to campus is accessed through entrance from Rancho Santa Fe Road or Capalina Road. The campus is currently located in an area with other commercial space and businesses. This allows the campus to be easily accessible to the public. While it is not ideal, especially in regards to safety, the campus is growing, and will ultimately obtain a significant portion of the surrounding land. This is a long term plan that will allow us to expand and change the overall security.

Currently, students are taught to notify personnel if there is anything suspicious to call 911 or the San Marcos Sheriff's Office at (760) 570-5200.

Campus Facilities maintains the College buildings, grounds, and roadways (when applicable) with a concern for safety and security. They inspect campus facilities regularly, make repairs affecting safety and security, and respond to reports of potential safety and security hazards, such as broken windows, broken locks, and inadequate lighting. Additionally, third parties are also outsourced to make assessments for the campus and recommendations for safety improvements. All members of the campus community are encouraged to report any safety or security hazards in or around campus buildings and grounds. Reports may be made to Campus Facilities at (760) 471-1316 ext. 309.

1.4 Non-Campus Properties and Student Housing

At this time, the University of Saint Katherine does not offer student housing. Rental agreements are made and agreed upon with local recreation centers, high schools and public parks for use by our athletic teams. The following agreements have been made: Army and Navy Academy, Poway High School, Cardiff Sports Park, Social Volleyball Club, Tri-City Christian High School, The Boys and Girls Club of San Marcos.

2.0 Security Department

Because of its small size, the College does not have a "Security Department." However, the Director of Facilities is responsible for the maintenance and security of the buildings. The Director may be reached at 760-471-1316 x309. The Director of Facilities has the authority to

contact the Sheriff's office when illegal acts on-campus property are suspected or confirmed. If minor offenses involving College rules and regulations are committed by a College student, the Director of Facilities may also refer the individual to the Student Success Coordinator for follow-up. Major offenses such as rape, murder, aggravated assault, robbery, and auto theft are reported to the local Sheriff's Office, and joint investigative efforts with administrators from Saint Katherine, the Title IX Coordinator, and the San Diego County Sheriff's Office are deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at the San Diego County Law enforcement offices.

The College maintains an excellent working relationship with the San Diego County Sheriff's Department, the agency responsible for maintaining the peace, since San Marcos, CA, does not have a city police force. The Sheriff's Department conducts periodic sweep of the area where the College is located, and as a result, the area is safe of any crimes.

After Hours:

If students need to contact somebody after hours, the Student Success Coordinator can be contacted (760) 822-6854.

2.1 Crime and Incident Reporting

The College strongly encourages victims and witnesses to report all crimes and incidents to the Student Success Coordinator, regardless of their nature, as well as to local law enforcement.

Crimes occurring off campus should be immediately reported to the San Marcos Sheriff's Office at (760) 510-5200.

In addition to the reporting of incidents to the Student Success Coordinator, the following are designated Campus Security Authorities, to which reports can be made. Information from these reports will also be used for the purpose of making timely warning of criminal offenses as necessary.

- Director of Athletics
- Assistant Director of Athletics
- Coaches
- CFO

2.2 Policy Statement Addressing Counselors

As a result of the negotiated rulemaking process which followed the signing into law of the amendments to the Clery Act in 1998, clarification was given to those considered to be Campus Security Authorities. Campus "pastoral/priests counselors" and campus "professional counselors," when acting as such, are not considered to be a Campus Security Authority and are not required to report crimes for inclusion in the annual disclosure of crime statistics. As a matter of policy, they are encouraged – when they deem it appropriate – to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion in the annual crime statistics. Pastoral and professional counselors are defined as follows:

- Pastoral Counselor – An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling, and who is functioning within the scope of that recognition as a pastoral counselor.
- Professional Counselor – An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community, and who is functioning within the scope of his or her license or certification.

2.3 Confidential Reporting

Anyone may report crimes or suspected crimes anonymously on the USK website: www.usk.edu. No personally identifying information is required to be submitted along with the report. USK will investigate all criminal reports obtained through the anonymous reporting system and will include them as necessary in disclosure of crime statistics.

2.4 Reporting Policy

The College endorses a reporting policy that strongly encourages victims and witnesses to report all incidents to the University of Saint Katherine administration immediately, regardless of their nature. Prompt reporting of suspicious activity can avert crimes. USK will do everything within its power to protect the rights of those reporting crimes.

Every possible action to reduce the inconvenience of crime reporting will be taken. USK will be prompt and professional in its dealings with those who report crimes. Members of the College community are encouraged to call the Student Success Coordinator when they note that an individual's actions are inappropriate or threatening. An administrator will assess the situation and take appropriate action. At the request of the student, institutional personnel will assist in contacting local law enforcement.

If you are the victim or witness of a crime and do not want to pursue action within the College System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Facilities, a CSA, or the Student Success Coordinator can file a report on the details of the incident without revealing your identity. Students can also file a confidential report via the website, as listed above.

The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the administration can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the College.

2.5 Timely Warning Policy

Timely Reports: Security Warnings

The University of Saint Katherine Facilities Department, in conjunction with the Clery Coordinator will be responsible for making timely reports and or security warnings "without delay" to community members should any incident pose a threat to the health or safety of the Saint Katherine Community. The Facilities Department will report through the use of e-mail, telephone, residence hall staff, posted notices, text messaging, warning siren, or combination thereof.

The emergency response and evacuation procedures within the Emergency Evacuation and Operations Procedure (EEOP), are tested (mock drills) semi-annually. The EEOP can be found at the following address: www.usk.edu.

The University of Saint Katherine strives to provide a safe environment for students and employees. Campus lighting, sheriff's patrols, and College policies are intended to enhance security and prevent crime. However, safety is everyone's responsibility. All individuals on Saint Katherine property, including students, faculty, staff and guests, shall be subject to all rules and regulations of USK and to all applicable federal and state laws and city ordinances.

All persons on the campus shall, upon request by authorized officials and security personnel, provide adequate identification. Personnel and students refusing to provide such identification shall be requested to leave campus or, if they refuse, may be subject to lawful removal and prosecution.

Since Saint Katherine students are housed on privately held housing, they are subject to rules and regulation of the housing owners. Students are expected to abide by the policies of the College both on and off campus. Social activities taking place off campus are subject to the jurisdiction of the local law enforcement agencies. Evidences of criminal activity by any student or group of students, on or off campus, are reported to the San Diego County Sheriff's Office.

The Student Success Coordinator is notified in these instances and functions as the liaison between local law enforcement authorities and College officials.

During orientation, students are informed about campus safety, emergency preparedness, and the number of incidents occurring on campus, with a special presentation from the San Marcos Sheriff's Department.

2.6 Drug and Alcohol Policy

The College recognizes the danger to the safety of others and one's ethical responsibilities resulting from the use, possession, distribution, or sale of alcohol or tobacco and therefore recommends that all members of the College community abstain from possessing or using them. USK forbids the use, manufacture, dispensation, offer to sell, purchase, possession, distribution, or sale of marijuana, narcotics, or other illegal drugs on the USK campus, at its off sight locations, in areas perceived to be part of USK campus, at any USK-sponsored activity, or in the presence of USK students at any time. The medical use of drugs may be permitted when prescribed by a licensed practicing physician.

Some local, state and federal laws establish severe penalties for the unlawful possession or distribution of illicit drugs and alcohol. By state law, the possession of alcohol by anyone less than 21 years of age in a public place or a place open to the public is illegal. It is also unlawful to sell, furnish or provide alcohol to a person under the age of 21. The College reserves the right to refer violations to those state and federal laws concerning alcohol and controlled substances to appropriate civil authorities.

Individuals in violation of College policy or state and federal laws concerning the use, possession, distribution, or sale of alcohol, illegal drugs, or tobacco are subject to arrest and/or College disciplinary action.

During the annual Orientation training, the dangers and health concerns of using drug/alcohol are discussed and students learn to look for the warning signs of their residents using these substances. As part of the admissions process, students are made aware of the College policy on abstinence as part of the enrollment application.

The Staff, Faculty, and Student Handbooks contain all applicable alcohol and drug policies in full, including sanctions for violations.

2.7 Substance Abuse Education and Prevention Programs

The University of Saint Katherine recognizes drug and alcohol dependency as treatable conditions. Students requiring assistance are encouraged to avail themselves to the Student

Success Coordinator, to meet with a counselor who can provide referral, supportive resources, and prevention.

The Office of Human Resources is also available to help employees identify appropriate treatment resources, and will refer them to treatment or rehabilitation programs.

2.8 Weapons

Weapons of any kind are not allowed on campus without prior written permission from the College President. Hand guns, shot guns, air guns, pellet guns, paint guns, rifles, hunting knives, martial arts weapons, dart/blowguns, and fireworks are examples of prohibited weapons. Possession of such weapons is a violation of College policy and will result in referral to appropriate on-campus authorities. Possession of any unlawful weapon on campus may also result in arrest by local law enforcement.

3.0 Sexual Assault, Domestic Violence, Dating Violence and Stalking Policies

Standards of Conduct

Sexual assault, domestic violence, dating violence, and stalking are serious violations of law and College policy. In addition, they violate the sanctity of the human body and spirit and will not be tolerated within the University of Saint Katherine (USK) community.

3.1 Sexual Assault - an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation, including rape, forcible sodomy, sexual assault with an object, fondling, incest and statutory rape.

❖ Forcible Sex Offenses:

- Rape - Penetration, no matter how slight, of the vagina or anus with any body part or object, or by a sex organ of another person, without the consent of the victim.
- Forcible Sodomy - oral or anal sexual inter course with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is in capable of giving consent because of his/her youth or because of his/her temporary mental or physical incapacity.
- Sexual Assault With an Object - the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against the person's will where the victim is in capable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity. An object or instrument is anything used by the offender other than the offender's genitalia.
- Forcible Fondling - the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will/ or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

❖ Non-forcible Sex Offenses:

- Incest - non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape - non-forcible sexual inter course with a person who is under the statutory age of consent.

3.2 Domestic Violence – includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated

under domestic or family violence law, or anyone else protected under domestic or family violence law.

3.3 Dating Violence - violence committed by a person - (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (1) the length of the relationship, (2) the, type of relationship, and (3) the frequency of interaction between the persons involved in the relationship.

3.4 Stalking - engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

3.5 Violence against Women Act (VAWA) Policy

It is the policy of the University of Saint Katherine, in keeping with its Christian standards and with efforts to establish an environment in which the dignity and worth of all members of the institutional community are respected, and in keeping with the standards set in the 1992 Campus Sexual Assault Victim's Bill of Rights, that sexual assaults on students of USK are unacceptable and intolerable.

Procedures and Services

Reporting sexual assaults and offenses:

- ❖ The individual who was victimized has choices open to him/her on many different levels. Victims of sexual assault are encouraged to report offenses immediately. The student can avail himself/herself of the counseling and support opportunities on campus or through outside agencies.
- ❖ On campus, victims of sexual assault are encouraged to report offenses immediately to the Title IX Coordinator, the Dean of the College, or the CFO (Human Resources). Upon permission of the individual and the need to know, other areas of the College may be contacted.
- ❖ The local Health Clinic should be notified to conduct an initial physical assessment for injury.
- ❖ The individual should be taken for a physical exam to the local hospital whether the individual wants to pursue the offense through any kind of judicial proceedings or not, it is important to go to the hospital to receive proper medical attention and preserve evidence in the event of future decisions to pursue the offense judicially. To support the individual, the TIX Coordinator would accompany the student to the hospital. The Dean of the College or the Director of Human Resources will be contacted if the TIX Coordinator is not available. Upon permission of the individual the crisis line of the Rape and Sexual Abuse Center (877) 995-5247 will be called to request a professional to meet the parties at the Hospital.
- ❖ The hospital is required by law to notify Law Enforcement to file an official report. The TIX Coordinator (or other designated College official) will remain with the student. It is the individual's choice to decide if he/she wants to pursue the offense through any kind of judicial proceedings.
- ❖ College personnel should remain with the student and accompany him/her back to campus.
- ❖ If a rape occurs after hours or on weekends, the victim should contact the Title IX Coordinator. If the TIX Coordinator is not available, the Provost or the Dean of Faculty

should be contacted. It is critical that a student who is a victim of rape be examined at the hospital within 48 hours of the offense.

Note: If a rape has occurred, it is important that the victim do the following:

- DO NOT shower.
- DO NOT change clothes.
- DO NOT disturb the area where the rape occurred.

Following these instructions will preserve as much evidence as possible.

The victim should then seek medical attention.

3.6 On Campus Actions:

1. When arriving back to campus, the Student Success Coordinator will be the facilitator of the transition of the victim. The choices of the student should be a strong consideration at this point.
2. It is the choice of the student to ask that on campus disciplinary procedures be initiated by reporting the incident to the Dean of College. Sanctions for students and employees may involve counseling, probation, suspension or dismissal from the College.
3. For students, both the accused and/or the accuser will be notified of the outcome of the campus disciplinary proceedings.
4. The Student Success Coordinator will work to assist students who request assistance in rearranging their classes or living arrangements because of an alleged sexual assault, if these changes are reasonably available.
5. Counseling is an essential step in the recovery process. The student should be encouraged to receive the emotional support that is needed, either through on or off-campus counseling. Even if the student does not report the rape and pursue legal action against his/her attacker, he/she will need the help of a trained counselor. The Student Success Coordinator can assist with the location of a trained professional.

Notification of parents and the community:

1. If the student who was victimized is under the age of 18, parents will need to be notified. This call is usually made by the Student Success Coordinator.
2. Parents of students 18 years of age or older may be notified after consultation with the student and with the student's permission. The Student Success Coordinator may call the parents from the hospital. In some cases the Student Success Coordinator, after being briefed of the situation, would contact the parents to inform/update them on the situation
3. In keeping with the Campus Crime and Security Act, the Student Success Coordinator would coordinate notifying the campus community. If a student chooses to go through outside agencies to pursue the sexual assault or rape, s/he should contact the San Diego County Sheriff's Department which has staff trained for rape crisis intervention. If a student is under the age of 18 and has been sexually assaulted, molested, touched, raped, or shown x-rated movies, the California Department of Human Services should be contacted. Recognizing that true maturity involves a deep respect for the moral integrity of the individual, men and women attending this College are expected to refrain from engaging in acts of sexual immorality, such as premarital and extramarital relations, heterosexual and homosexual advances, and sexual perversion of any form. It is noted that "staying the night" does not necessarily indicate that sexual immorality occurred; however, such activity is a serious violation of the behavioral standards resulting in disciplinary action.

ON-CAMPUS RESOURCES

- Student Success Coordinator 760-471-1316
- CFO/Human Resources 760-471-1316
- Dean of the College 760-471-1316

OFF-CAMPUS RESOURCES

- Sexual Assault Hotline: 1-888-385-4657
- National Sexual Assault Hotline 1-800-656-HOPE (4673).

Registered Sex Offenders

California's Megan's Law requires that certain information about sex offenders be made available upon request to members of the public. The California Attorney General has developed a website, www.meganslaw.ca.gov, where citizens can review information about registered sex offenders.

Information on registered sex offenders who are students or employees of the College can be obtained at the Office of Admissions and the Office of Human Resources, respectively. No state or federal law prohibits the disclosure of this information.

3.7 Missing Student Policy

This policy establishes the procedure to be followed at the University of Saint Katherine in the event a residential student is reported missing. For the purpose of this policy, a student may be considered missing at any time the student's absence is contrary to his/ her usual pattern of behavior. The following is a list of titles of persons to which students, employees, or other individuals should report that a student has been missing for 24 hours:

- Student Success Coordinator
- Provost
- Dean of the College
- The President
- CFO

Procedure

- When a student is reported missing, the Student Success Coordinator will initiate an investigation into the welfare of the student. Normally a student will not be considered missing until he/she is gone or unaccounted for, for 24 hours. If there is any indication of foul play or if the absence is contrary to the usual pattern of behavior of the student, an investigation may be implemented prior to the 24 hour period. The investigation will include a good faith effort to make contact with the student or his/her designated emergency contact.
- If the investigation fails to locate the missing residential student, the Student Success Coordinator will contact the San Diego County Sheriff's Department. The office of the San Diego County Sheriff will take over the investigation.
- If the reported missing student is under the age of 18 and is not an emancipated minor, the Student Success Coordinator will immediately make a good faith effort to contact the custodial parent or legal guardian.
- Every student at USK will be informed and given the opportunity each academic year to designate a confidential emergency contact person. This person will be contacted by USK in the event a student is determined to have been missing for over 24 hours.

- Regardless of whether the missing residential student has identified an emergency contact person, is above the age of 18 or is an emancipated minor, USK will make notification to San Diego County Sheriff's Department within 24 hours of the student going missing.

4.0 Enforcement

Violation of these Standards and Protocols will result in appropriate legal and/or administrative action, up to and including dismissal from the College. Violation of these standards and protocols also may subject the offender to criminal prosecution or third party civil litigation.

A student alleged to have violated this policy may be subject to the Student Conduct Process as set forth in the Student Handbook, even if the violation occurred off campus. Where an allegation involves a College employee, other relevant administrators will also be involved in and/or oversee the enforcement of these Standards and Protocols.

When situations arise which potentially call for conduct actions, the College will do the following to ensure a prompt, fair, and impartial investigation and resolution:

- Inform the involved parties of alleged violations of College policy;
- Offer both parties a fair and reasonable opportunity for explanation;
- Interview potential witness
- Inform both parties of the outcome of the investigation;
- Provide an avenue of appeal, when appropriate.

In cases of alleged sexual assault, domestic violence, dating violence, or stalking, additional procedures include:

- Proceedings conducted by officials who receive annual training on issues specifically related to the above crimes and on how to conduct proceedings that protect victim safety and promote accountability;
- Both the accuser and accused are entitled to the same opportunities to have others present during proceedings, including the opportunity to be accompanied to any related meeting or proceeding by an advisor to their choice;
- The determination that the alleged offence occurred will be made based upon a preponderance of evidence;
- Both the accuser and the accused will be simultaneously informed in writing of the outcome of proceedings, the procedures to appeal the results, any subsequent change to the results before they become final, and when such results become final.

At any time, the College may impose such penalties as it concludes are appropriate, ranging from warning to expulsion to termination of employment. Additionally, the College reserves the right to deny re-enrollment to any student if such action is deemed to be in the best interests of the College or the student.

5.0 Campus Crime Statistics

5.1 Definitions

Per the Clery Act, the crime statistics contained on the following pages are classified based on the Federal Bureau of Investigation's *National Incident-Based Reporting System* (NIBRS) edition of the *Uniform Crime Reporting Handbook* (UCR), the *Uniform Crime Reporting Hate Crime Data Collection Guidelines*, and *Training Guide for Hate Crime Data Collection*. 'Disciplinary referral' is defined as the referral of any person to any official who initiates a formal or informal disciplinary action of which a record is kept and which may result in the

imposition of a sanction. Only referrals for violations of applicable drug, alcohol, and weapons laws are counted.

Stalking	On-campus Student Housing Non-campus Public Property	NA NA NA NA	0 0 0 0	0 0 0 0	0 0 0 0

NA= Not applicable. Domestic violence, dating violence, and stalking are newly required crime types following amendments made by the Clery Act in April 2013 by the Campus Sexual Violence Elimination provision of the Violence Against Women Reauthorization Act. Because the new statistics went into effect in 2014 and because final guidance from the Department of Education on their application was not provided until October 2014, recordkeeping for these crime types prior to that time may be incomplete. However, USK has made a good faith effort to comply with the various provisions of the law as interpreted by the Department of Education.

5.3 Hate Crimes

There were no reported hate crimes from 2012-2018.

Crime Statistics concerning USK and other campuses can also be found on the Department of Education Website: <https://ope.ed.gov/campussafety/#/>

Please click [here](#) for the crime statistics of 2017-2018 in the surrounding areas and neighborhoods of the College, provided by the Crime and Intelligence Analyst for the city of San Marcos.
