

## **Disabilities Services**

University of Saint Katherine is committed to upholding all applicable provisions of Title III of the Americans with Disabilities Act (1990) and Section 504 of the Vocational Rehabilitation Act (1973), which mandate equal access for students with disabilities to private, postsecondary institutions.

### **Identification**

It is the student's responsibility to voluntarily and confidentially disclose information regarding the nature of the disability. In order to receive assistance, students must

1. Inform the Director of Student Affairs and Registrar.
2. Provide current documentation of the qualified disability.

**Some examples of disabilities include the following:**

- Hearing impairment
- Visual impairment
- Mobility impairment
- Learning disability
- ADD/ADHD
- Processing disorder

**Examples of appropriate documentation may include:**

- A letter from the student's doctor
- A psychological or psycho-educational evaluation
- An individual education plan
- Other qualified certification of disability

Documentation will be evaluated in order for the staff to confirm that the condition rises to the level of disability. Once the condition is verified, documentation will be used to determine which accommodations are needed.
